OUTLINES.

At the meeting of the American Missionary Association at Cleveland, O., yesterday, Justice David J. Brewer, of the Supreme Court of the United States declared that the up-lift through Christian education would solve the race question, and that the aim of the Association is to do that for all the despised races; he said special efforts would be made among the negro race which constitutes one-ninth of our population; he declared that whatever were the faults of the negro he is for law and order and was not an anarchist——Early yesterday morning in New York, the Yosemite, a fashionable seven story apartment house, was damaged $15,000 by a fire during which many of the occupants escaped in their night clothes——Postmaster General Meyer will not be able to attend the postmasters' convention at Raleigh but will be represented by Fourth Assistant Postmaster General DeGraw——Gresident Roosevelt still has his hunting camp on Bear Lake Mississippi, and on Sunday took a row on the lake, with a thin coat of ice on the waters; several men have seen bears, tracks are numerous, two timber wolves passed and the party is in better spirits over the prospects of a sucessful hunt——At Chicago yesterday, Stuyvesant Fish, of New York, secured a temporary injunction which, if made permament, will restrain the voting at the Illinois Central meeting, of 286,731 shares of stock which would otherwise be voted for . H. Harriman——The Central Federal Union of New York has received an appeal from New York, which has been sent to all officiated unions, asking them to sound political candidates on "government by injunction," the misuse of which the labor leader, says is dangerous to the liberty of the people——The first international congress of the Eucharistic League of the Catholic church to be held in the United States, is in session at Pittsburg——After 30 years of service as pastor, the Rev. Dr. Willard Scott, of the Piedmont Church, Worcester, Mass., has resigned to devote his time to golf——spoke and made a good impression——As the result of a collision between an express train and an automobile at a grade crossing in Pottstown, Pa., last night, four persons were killed and one probably fatally injured——Miss Annie Sabold, a stenographer, was shot and fatally wounded on the streets of Philadelphia last night by Walter Hollowell who tried to snatch her purse——Near Erie, Pa., last night twenty-five people were seriously hurt in a trolley car collision——New York markets: Money on call strong 2 1-4 to 6 per cent; ruling rate 3, closing bid 3, offered at 3 1-4; spot cotton 30 points higher, closing steady at 12 cents; flour, fair trade; wheat firm, No. 2 red 1.13 5-8 elevator; corn firm, No. 2, 76 elevator; oats firm, mixed 56; turpentine steady 55; rosin firm, strained common to good 4.45.

Keep straight so the books won't give you away.

The calamity bawlers seem to be the former prosperity promisers.

As the Star prophesied, the frost news has caused the price of cotton to advance.

Owing to the size of Secretary Taft he was offered two chairs when the Mikado received him at Tokio. Somebody will want those chairs as souvenirs if Taft gets to be President.

Our excellent contemporary the Selma News, has a new editor in Mr. George B. Craven. The retiring editor made good, and the News is to be congratulated that it will continue in such capable hands.

"London chemists say that a girl is two-thirds sugar," says the Columbia Record. Young gentlemen of North Carolina who have good taste fully agree to the analysis when it comes to the North Carolina girl.

Hurrah for the Wilmington Fair Association. The movement to have a fair and sporting events in Wilmington will meet the enthusiastic support of our people. The Association starts out with officers who will make it go. A big fair for Wilmington next Fall.

One of South Carolina's new Belgian immigrants has received notice that $4,000 has been bequeathed to him in Belgium. He is doubly lucky to be in the South where his little fortune will swell faster than in any other portion of the globe.

The visit of the European cotton spinners to the South more than ever emphasizes the importance of our great cotton producing industry. Raising, manufacturing and exporting cotton will, year after year, add to the value of every foot of cotton land in Dixie.

The books of the Standard Oil Company show that a loan of $20,000,000 was charged to one of its attaches. He says he didn't borrow any such sum as that. The crowd probably borrowed it in his name and he ought to be stuck up over the fact that his credit is so good.

THE ANDERSON CASE

Sensational Charge Brought Against Young Tinner Fell Flat in Police Court.

TRIAL HELD YESTERDAY

Three Hours Grind Before Mayor at Noon—Several Sent to Farm and Roads—C. E. Leslie Turned Over to Cutter.

The aggravated assault charged against young Mr. William Anderson, a tinner employed by the Hanover Iron Works of this city, in the matter of the blackhand letters that were mailed to Mr. and Mrs. R. J. Smith, No. 909 South Fifth street, last week, was dismissed in the police court yesterday after a full hearing of all the facts and circumstances in the case. Mr. Anderson was represented by Herbert McCammy, Esq., and the evidence developed that the parents of the young girl to whom Anderson had been paying attention became unduly alarmed over the affair; that Anderson as a matter of fact had not written the letters and had called at the house only to explain matters to Mr. and Mrs. Smith. When the young man called on the evening in question and was desirous of making an explanation, he was met by Mr. Smith with a shotgun and he testified that he had no alternative than to protect himself until he had an opportunity of explaining. It was in this manner that the charge of assault was made and the whole matter was recognized easily as one of those family affairs that should have been settled out of court. Mr. and Mrs. Smith were present at the trial but their adopted daughter who it is alleged was threatened with her escort if they were seen together again, was not present. Young Anderson was fully exonerated and discharged.

It was a rousing reception that the Mayor held yesterday, twenty cases all told having been docketed. John Lucas, a small colored boy charged with being disorderly at Fourth and Harnett Sunday morning when he was picked up by Officer Leon George, was discharged with an admonition to to the parents of the youngster to give him a sound thrashing. Mary Ferguson, colored, charged with an assault upon a colored man near Front and Princess streets and being drunk and disorderly, was given a double term of 60 days on the farm. A large number of defendants escaped with fines and costs, among the number being Lizzie Askins, drunk and disorderly; Ben Hunter, drunk and down; Robert Jenkins, drunk and down; Charles Fisher, drunk; William Spencer, disorderly conduct; James Donaldson, throwing paper on the street; Tom Williams, fast driving. Estelle Davis, colored, arrested by Officer C. E. Wood for being disorderly, was given 30 days on the farm. Pierce Felder, colored, charged with an assault on a colored woman, was fined $10 and costs. D. H. Pope, forfeited his bond on a charge of a plain drunk and he was let off with $5 including costs. Cornelia Nixon, of Amazonian hue, was given 30 days on the farm.

John Rivers, Norwood Everett and Walter Everett, a trio of crap shooters, were represented by B. G. Empie, Esq., and were released on bond of $25 in order that the county might be saved cost of their keeping until the January term of court.

Ben McFarlane, colored, charged with disorderly conduct by Officer Leon George, was given 30 days on the roads.

C. E. Leslie, white, was charged by his wife with a trivial offence but he was wanted as a deserter from the United States Revenue Cutter Seminole, which had just arrived in port and was preparing to leave at once for Newport News, and he was turned over to the authorities of the ship for court martial.

HONORS OF PYTHIANS

Remains of Late Col. W. J. Woodward Laid to Rest Sunday in Fayetteville—Services From Residence Here and at the Grave.

Despite the early hour at which the services were necessarily held, Wilmington has seldom seen a greater outpouring of the people than the number who attended the brief funeral exercises held Sunday morning at 8 o'clock from his late residence, No. 210 North Second street, over the remains of Colonel William Joseph Woodward, who passed away early Friday evening. The four lodges of Knights of Pythias in the city, together with many visiting Knights assembled at their Castle Hall at 7:30 o'clock and attended the obsequies in a body, as did also a large number of comrades of Cape Fear Camp No. 254, United Confederate Veterans, who assembled at the W. L. I. Armory and proceeded to the saddened home in the same manner.

The services were held by Rev. J. M. Wells, D. D., pastor of the First Presbyterian Church, of which Col. Woodward for so long was a faithful member, the hour having been early in order that the funeral party might leave on the 8:40 train for Fayetteville, the old home of the deceased, where the interment took place in the afternoon. The casket was completely covered with beautiful flowers these having been tributes from many of the Pythian lodges, from the Past Grand Chancellors of the order and from individual friends of whom Col. Woodward had so many here.

As an honorary escort to the final resting place of the deceased at Fayetteville the remains were accompanied from Wilmington by Past Grand Chancellors Wm. F. Robertson, T. D. Mears and John Haar; State Deputy Grand Chancellor J. D. Nutt, District Deputy L. B. Rogers, Mr. Alex. S. Holden, keeper of records and seals of Jefferson Lodge No. 61, of this city, and other friends. The funeral party was met at the station by Cumberland Lodge of Pythians at Fayetteville and the funeral services were concluded at the grave with Pythian honors, those taking part having been the following Past Grand Chancellors; Chancellor Commander, T. D. Meares; Vice Chancellor, John Haar; Prelate, Wm. F. Robertson, and Master at Arms, W. S. Cook, of Fayetteville. The religious services at the grave were concluded by Rev. Watson Fairley, pastor of the First Presbyterian Church, of Fayetteville, and Rev. Mr. Smith, of Hay Street Methodist Church, of that city. The services both at the home in this city and in Fayetteville were very pretty and impressive.

PORT PARAGRAPHS

Heavy Receipts of Cotton—Steamer Arrives—Revenue Cutter.

Cotton receipts at the port yesterday were the heaviest of the season, consisting of 8,663 bales most of which came via the W., C. & A. Railroad from points in South Carolina and Georgia. Transportation men say that the railroads entering Wilmington are now taxed to their capacity in handling the traffic and that it is no uncommon sight to see four extra cotton trains pulling into Wilmington daily. The price yesterday advanced to 11 1-4 cents for middling while New York spot closed steady at 12 cents.

The big british steamer Jura, 2,398 tons, Captain Fellows, arrived in port yesterday to Messrs. Alexander Sprunt & Son and will receive cargo of cotton here.

The United States Revenue Cutter Seminole came up from her Summer anchorage at Southport yesterday and proceeded early during the day for Newport News for annual inspection and overhauling. While away she will have wireless installed on board. The work, it is expected, will require several weeks after which the cutter will return to take up her regular Winter cruising in this district.

The river steamers are still tied up on account of lack of navigable water in the Cape Fear. The Lyon which left here the latter part of the week for Tar Heel, is reported to have proceeded no further than Elizabethtown where she was forced to tie up until conditions are better. The stage reported from Fayetteville Sunday morning was 1.8 feet.

The British steamer Nymphaea, which cleared this port last week, has arrived at Sparrow's Point, near Baltimore, where she is loading steel rails for Cuba.

The schooner Harriet C. Kerlin is expected here any day from Baltimore with cargo. The Baltimore tug defiance has also cleared the home port with the barge Pocomoke in tow for Wilmington via Norfolk.

Building Permits Yesterday.

The following building permits were issued yesterday: Eliza Hicks, one-story dwelling to cost $200, on Swann, between Fifth and Sixth streets. A. S. King, one-stoy dwelling to cost $650, in Magnolia avenue. Dr. D. W. Bullock, two-story tin-roof double dwelling to cost $3,000 at Fifth and Harnett street. City of Wilmington by R. H. Brady, contractor, two-story consolidated fire and market house to cost $10,000, at Fourth and Campbell streets.

Arrangements Being Made at Raleigh For Laying Masonic Temple Corner-Stone.

CAROLINA CENTRAL ROADWAY

Report to Corporation Commission on Progress of Laying Heavier Rail. Several Charters Issued—Colored Trainman Killed.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 14.—Grand Master Francis D. Winston, of the North Carolina Grand Lodge of Masons, arrived this morning from his home at Windsor and will devote the next two days to seeing to it that everything is gotten in readiness for the ceremonies that are to characterize the laying of the corner-stone for the Grand Lodge Temple, which takes place Wednesday. It develops that Hon. James G. Richardson, head of the Masonic fraternity in America, cannot attend, neither will Senator John W. Daniel, of Virginia, be able to accept the invitation that was extended to him. Under these conditions the principal addresses for the cornerstone ceremonies will be by Grand Master Winston and Gen. W. R. Cox, of Edgecombe, the latter being chairman of the building committee for the Temple.

The Seaboard Air Line Railroad makes a report to the Corporation Commission to the effect that during September twenty miles of seventy-pound rail were placed on the Carolina Central between Hamlet and Wilmington to take the place of the lighter rail ordered replaced with the heavier rail by the Commission some time ago; also that during the three months previous thirty-five miles of the heavy rail was put down, making fifty-five miles of new standard track. The Wilmington-Hamlet road is 110 miles and a large force of hands is working regularly on the new track.

Commissioner of Agriculture S. L. Patterson returned to Raleigh this morning, after several weeks spent at his home in "Happy Valley," Caldwell county. His health is improving steadily.

Charters were issued today for three new corporations: The Hiwassee Lumber and Manufacturing Co., of Murphy, capital $10,000 authorized and $2,000 subscribed by A. G. Deweese, J. W. Ford and O. P. Ward. The Blue Ridge Lumber Company, of Apalachia, Cherokee county, capital, $6,000, by George Osborne, J. E. Osborne, and J. M. Brown. The Roanoke Fibre Board Company, of Roanoke Rapids, capital $125,000 authorized and $30,000 subscribed by Howard A. Edwards, Joseph H. Wallace and others.

Milton Hall, an 18-year-old negro train hand on the Norfolk & Southern, was run over and fatally crushed by the train on which he was serving Saturday night three miles from Raleigh. He died of the injuries early Sunday morning. He fell in some unaccountable way from the car steps under the wheels of the moving train.

TRAGEDY IN GOLDSBORO.

Young Man Shot to Death by Hazel West.

(Special to Wilson Times.)

Goldsboro, N. C., Oct. 14.—Last night about 9 o'clock a most outrageous shooting occurred here, resulting in the death of Mr. Sam Watts, 23 years of age, and the son of Mr. R. A. Watts, a prominent jeweler of this city.

Mr. Watts was employed by the firm of Robinson & Bro. ice dealers, and he went to Webbtown to deliver some ice at the residence of Ernest Fent. After making the delivery Mrs. Fent told young Watts that her husband was at the house of a woman by the name of Hazel West, and requested that he go and tell her husband to come home at once. Mr. Watts did so, repairing to the woman's house and knocked at the door. Hazel West met him and after delivering the message she told him that she would not have her friends interfered with in any such manner, and pulling a pistol, shot him through the head.

Mr. Watts was a splendid young man, and our entire city is convulsed over the outrage. The woman is in jail. The coroner empanelled a jury this morning, and they returned a verdict that Sam Watts came to his death as a result of a pistol wound, the weapon being in the hands of Hazel West.

Mr. and Mrs. Mintz at Home Here.

An announcement that came as quite a surprise to their friends in this city was that of the marriage of Miss Nellie Hatchell, an attractive young lady of this city, and Mr. Willie Mintz, of Wilmington. They were married at Marion, S. C., Friday afternoon and their friends and relatives here knew nothing of the match until they returned and made the announcement, after which they received the congratulations of all. They will be at home to friends on South Second street.

Good service given both regular and table boarders at "The Harnett." Centrally located. oc 10-3t**

MRS. ELIZABETH VOLLERS

Good Woman Entered Into Rest Sunday Morning After Lingering Illness—Funeral This Afternoon From St. Paul's Church.

With inexpressible sorrow to hosts of friends here and elsewhere will come the news of the death of Mrs. Elizabeth Vollers, relict of the late Luhr Vollers and a woman held in the highest esteem by all in the circle of her acquaintance. Mrs. Vollers passed away at 9:30 o'clock Sunday morning at her home No. 719 Market street after a protracted illness since early in June. While her death was not unexpected, it came as a sad blow to family and friends and the sorrowing ones have the tenderest sympathy of all in the bereavement that is theirs.

Mrs. Vollers was born at Blumenthal, Germany, March 2nd, 1840, therefore she was in the 68th year of her age when she passed away. She was a daughter of Mr. and Mrs. Hashagen and came to this city in her childhood with her brother, Mr. Henry G. Hashagen, and her sister, Mrs. J. F. Rulfs, Sr., living heer practically all her life since October 21st, 1859. On March 20th, 1860 she was married to the late Luhr Vollers, who preceded her to the grave just twelve years ago to the day that she died, there having been but a few hours in the difference in the time in which they passed away. Mrs. Vollers is survived of the immediate family only by her daughter, Mrs. H. L. Vollers, and three grandchildren, Misses Louise H., Katherine E., and Carolina Myrtle Vollers. They have the tenderest sympathy of all in the sorrow that has come to them.

Mrs. Vollers since the death of her husband had personally managed the large estate left in her hands and was signally successful in this management. She was generous to a fault, and gave largely of her means to the church and to charity. Although one of the wealthiest residents of the city, she was not ostentatious in the dispensation of her charity and there were few who knew the great good that she did in the community. She had been a consistent and devoted member of St. Paul's Evangelical Lutheran Church, and took an active part in all the affairs of the congregation. She was a member of the Dorcas Society and was at one time president of this important auxiliary of the church.

The funeral will be conducted at 3:30 o'clock this afternoon from the late residence, thence to St. Paul's Evangelical Lutheran Church and to Oakdale Cemetery, where the remains will be laid to rest. On account of the sad coincidence in her death and that of her lamented husband, it has been arranged to have the funeral at the same hour as the obsequies of Mr. Vollers was held just twelve years ago to the hour.

THE FIRE AT NAVASSA

Loss Will be Between $15,000 and $20,000 Covered by Insurance.

It is estimated, not officially however, that the loss in the burning of the receiving warehouse at Navassa Guano factory early Sunday morning will reach anywhere from $15,000 to $20,000, fully covered by insurance. The fire occurred in the warehouse next to the railroad track and extending perpendicularly to the river. In this was stored from 1,000 to 1,500 tons of phosphate rock, tankage in bags, and other fertilizer constituents. The fire was evidently caused by spontaneous combustion and was first discovered about 6 o'clock in the evening. The fire brigade directed by the superintendent thought that the flames had been extinguished but they blazed up again between 12 and 1 o'clock and in spite of all that could be done the building went up in flames. The colored employes worked faithfully with the excellent fire fighting facilities maintained at the plant and it was only this that saved the large mill building and another large warehouse in close proximity, the end of which was badly charred.

Mr. H. W. Malloy, president of the Navassa Guano Company, stated yesterday that the fire had in no way interferred with the operation of the factory and that all shipments were being taken care of promptly. There were no bags or burlaps burned as was stated in the hurried accounts of the fire Sunday morning.

MR. JOHN A. FOX HERE

National Rivers and Harbors Representative to Visit North Carolina Points.

WILMINGTON WATERWAY

Committee From Chamber of Commerce Gathering All Necessary Data and Conferring With the Expert on the Question.

Mr. John A. Fox, of Cincinnati, O., traveling director of the National Rivers and Harbors Congress and one of the best informed men in the United States upon the question of waterways, arrived in the city yesterday and is in conference with the Chamber of Commerce Committee with reference to the project for a 30-foot depth of water from Wilmington to the sea, this being now recognized as a State movement and one in which Mr. Fox will endeavor to interest the whole people of North Carolina as presenting the only solution of the railway freight rate problem about which there has been such general complaint.

Mr. Fox, as a member of the Rivers and Harbors Congress, arrived in the city yesterday morning to fully acquaint himself with the project at Wilmington before going to the leading shipping points in the State, in an effort to crystallize the sentiment which is already manifestly in favor of the proposed improvement, the idea being early in November to hold a convention here at which will be present leading business men from all parts of North Carolina, together with the two Senators and the Congressman from each district in the State. An organization will be perfected and at the forthcoming session of Congress a united front will be presented for this great project. Columns of newspaper space have been taken up with an exposition of the advantages that the making of a great waterway at Wilmington would result in and the question is now regarded as one not of arguiment but of accomplishment.

Mr. Fox came via Washington, where he had a conference with Maj. E. W. VanC. Lucas, a member of the committee from the Wilmington Chamber and formerly engineer for the United States Army in charge of all the work on the North Carolina coast. Maj. Lucas gave Mr. Fox much valuable information and upon his reaching here, he was taken in charge by Mr. James H. Chadbourn, chairman of the committee on the subject. They at once got down to work, a conference having been held at Mr. Chadbourn's office at noon. An itinerary of the State was tentatively agreed upon and Mr. Fox was given further information upon which he will go to the people of North Carolina to show them why it is necessary to give now their active, earnest co-operation. Mr. Fox was also shown about the city by Mr. Chadbourn, a visit to the United State Engineer's office now in charge of Capt. Earl I. Brown, having been of special interest. Mr. Fox is not here on a junket and the committee has no inclination to make of his coming a matter of frolic. They will go later down the river on the government boat and a complete inspection of the river and harbor improvements will be made by Mr. Fox. Every minute of the time will be devoted to business and business exclusively. Tomorrow Mr. Fox will leave for points up the State, and he will endeavor to enlist the active support of the leading business men in each city visited. Later he goes to Philadelphia and Baltimore to work up interest in the forthcoming National Rivers and Harbors Convention at which Wilmington will be represented with a strong delegation. This will be held in Washington the three days beginning December 4th.

J. D. SIDBURY CUT.

Well Known White Man Slashed Across Face Early Last Night.

J. D. Sidbury, a well known white man of this city, was badly slashed across the face last night about 9:30 o'clock on the east side of Front street, nearly in front of the market house. Sidbury was later sent up to the City Hall by Policeman J. C. Lewis and transferred to the hospital, where it was necessary to take eight or ten stitches in the wound, which extended down the left cheek from the ear to the corner of the mouth, and down the chin, several of the large arteries having been severed.

Sidbury would talk very little of the occurrence, but claims that young Marsden Sellers cut him. Young Sellers later went to Justice Bornemann's house and exhibited rents in his clothing, claiming that he, too, had been cut and offered to submit to any charge that might be brought against him. Sidbury was not arrested, Officer Lewis having found him on the street after the cutting was done, Sidbury claiming that Sellers struck at him with the knife and got out of the way. John Redd and "Country John" Williams were summoned as witnesses to appear in the police court as soon as a warrant is served on young Sellars. The case before Justice Bornemann is set for trial at 9:30 o'clock this morning.

OUR THIRTY-FOOT WATER PROJECT.

The people of Wilmington in particular and of North Carolina in general will be gratified at the business-like and earnest manner in which the project for a thirty-foot channel from Wilmington out to sea has been taken hold of by the committee appointed June 7th at a meeting of the Chamber of Commerce to further that important and promising project. The committee consists of Messrs. James H. Chadbourn (chairman), W. E. Worth, J. A. Taylor, H. W. Malloy, H. G. Smallbones, R. A. Parsley and Major E. W. VanCourt Lucas, formerly corps of engineers United States Army The Summer season having been passed, the Autumn finds the committee enthusiastically and systematically at work in furtherance of the plans to improve the navigation of this important port. Their plans possess scope and they will be prosecuted with vigor and determined action.

That is manifest in the action of the committee in securing the services of Mr. John A. Fox, of Washington, D. C., to prosecute a regular campaign in the interest of our deep water scheme. Mr. Fox is special director of the National Rivers and Harbors Congress of the United States and yesterday that capable and well-equipped gentleman arrived in Wilmington to co-operate with the Chamber of Commerce in arousing interest throughout the State in the general question of waterway development.

The importance of a deep water port should be appreciated by every interior city in North Carolina and the Chamber of Commerce of Wilmingon, feeling its duty as sponsor for this port of the State, desires to secure the full copoeration of all the cities who appreciate the need for adequate transportation. For that reason the Chamber, a member of National Rivers and Harbors Congress, which has done so much to arouse universal interest in the question, desired to have Mr. Fox come and assist them so that the State of North Carolina may be largely represented at the meeting of the National Rivers and Harbors Congress in Washington December 4th, 5th and 6th, as well as at a State meeting which is to be held here in Wilmington early in November to organize a State branch of the National organization.

"There never was perhaps a time more opportune for urging this question of waterway development upon Congress of the United States," said Mr. Fox yesterday to a member of the Star staff. "Since the National Rivers and Harbors Congress adjourned in Washington last December, I have travelled over more than 20,000 miles, visiting every river and port city in the United States, and have found a most enthusiastic response to the call of our organization for united action in securing large and regular appropriations to systematically complete the projects now before Congress. The National Rivers and Harbors Congress is an organization composed of the Chambers of Commerce and river and harbor improvement associations scattered throughout the Union. Its president is the Hon. Joseph E. Ransdale, of Louisiana, a member of the Rivers and Harbors Committee of Congress, and its twenty-four directors are the most prominent exponents of economic questions in the various geographical divisions of the country. Its mission is entirely one of enlightenment and education, in order to bring about a sentiment in favor of waterway development on a broad wholesome scale. We endorse no project, not even the New York harbor project nor the Lake to the Gulf project, leaving the merits of each project to speak for themselves before an impartial tribunal of the United States engineers. If the people can be made to understand, through our campaign of education, the economy as well as the necessity of a liberal rivers and harbors policy, Congress will be only too glad to vote large and sufficient sums for worthy projects. The people must first want this and let their Congressmen know it, for no member of Congress relishes being criticised by the press of the country or by his constituents because he has acted in advance of public sentiment.

"I have just returned from a trip to the Pacific coast, where I spent the entire month of September, and I find out there the greatest appreciation of our work, those men feeling that the completion of the Panama Canal will be the greatest boon to them if augmented by adequately improved rivers reaching into the interior and deepened harbors along the Pacific coast to provide for the increased traffic. I hope to be able to spend the remainder of October here in North Carolina, and to arouse the same interest in this matter from a National standpoint that has been aroused wherever we have preached our crusade. But I wish to impress upon every one the fact that we cannot accomplish the achievement of our local projects unaided and alone. We must look after them from a National standpoint and make our fights before Congress in united action. It is for this reason that the National Rivers and Harbors Congress has been able to do so much good. It teaches that whatever improvement is made in any section of the United States is a benefit to the whole people, and for that reason we must all work unselfishly."

Mr. Fox yesterday had a conference with the Chamber of Commerce committee and arranged the details of his campaign and the itinerary of his visits to the different North Carolina cities. That itinerary is given in the news columns of the Star this morning, and, no doubt, every where Mr. Fox goes in this State he will meet with hearty co-operation, for the 30-foot project is not alone a Wilmington project, but a North Carolina project—yea a National project. The business men of Wilmington are merely the custodians of the port for the balance of the State and perhaps of other States that will be benefited by increased navigation facilities at Wilmington. The Star bespeaks for Mr. Fox the cordial and enthusiastis co-operation of the North Carolina cities that he is to visit. It is the purpose to have the different cities send delegates to a meeting in Wilmington next month to organize a State branch of the Rivers and Harbors Congress, and to send delegates to the National Congress. Let's make the State meeting one worthy of North Carolina.

POSSIBLE CONFLICT OVER RAILROAD CONTROL.

Railroad control and trust regulation promise to cause considerable division in party lines. Both the Democratic and Republican parties show evidences that there will be a stirring up of the dry bones and the possibilities for new party alignments are pronounced. This was particularly illustrated at the convention of State railway and corporation commissions in Washington the past week. The wide-awake and astute Washington correspondent of the New York Journal of Commerce says the discussions among the delegates to the convention served to "call attention to unexpected conditions surrounding railway reform." He goes on to say that these may give a new drift to debate and legislation next Winter. It is being noted by careful observers that there is a strong feeling against the extension of Federal legislation into what is considered the field of the several States. This has appeared from expressions used by some of the delegats to the convention, but what has been said is merely indicative of views known from other sources to exist. Ever since the troubles of the past Summer growing out of the Southern rate regulation controversies it is declared at Washington that it has been apparent that material for controversy was accumulating.

The President's views on the question of regulation were, of course, the central point in the situation. In recent expressions he has said that Federal control of transportation through the inter-State commerce clause of the constitution was essential, and this has evidently implied the withholding by States of some of their powers of supervision. In some States, according to information available at the National capital, two distinct points o view are being taken. One is that the State railway authorities should act in a way supplementary to the work of the Interstate Commerce Commission, merely doing the same things within the States that the Commission seeks to do in inter-State transportation. The other is that the States may well go ahead and establish systems of control adapted to what are considered special local needs, neglecting the Inter-State Commerce Commission and allowing it to act entirely independently. This conflict of opinion, it is announced, has developed in the Southern States particularly, and is being noticed with much interest by politicians. Divisions are also apparent in many Northern States.

CURRENT COMMENT.

—Tales of mountain peaks which smoked like awakening volcanoes have come from Asheville at intervals, but they may be expected to come faster after that dry January 1st.—Charlotte Observer.

—Tunica, Miss., follows up the lynching stunt at Cumberland, Md., with a performance at the expense of three negroes. If lawlessness in the South maintains its present rate of increase the decent people may yet be driven to lynching the lynchers.—Charlotte Observer.

—The reception accorded Secretary Taft on his arrival in China was memorable and significant, as there can be little doubt that it marks the beginning of better and closer relations with the great empire which seems to be about to start on a career filled with wonderful possibilities. There is every reason to believe that a new and different China is soon to emerge from the process of transformation now going on, and that much of the inspiration thereto has been derived from that sort of Americanism of which the Secretary is an effective exponent.—Troy (N. Y.) Times (Rep.)

—It appears that the ownership of the American corporations is widespread. Literally millions of our people are stockholders in them, and even more millions are indirectly partners in their profits through the insurance companies and savings banks. But the majority of stockholders exercise little or no power of control. They are quite content to receive their dividends and say nothing. They are like the citizen who is content to take whatever government is provided for him by nation, State or city, and never goes to the polls to cast a vote for better conditions. By degrees there has grown up an oligarchy of directors—perhaps fifty or seventy-five men all told—who virtually control the $20,000,000,000 of corporate wealth represented in the New York stock exchange. This is the oligarchy of capital which makes the financial concentration of today appear so dangerous.—Wall Street Journal.

—During the last week of November the National Drainage Convention will be held in Baltimore for the avowed purpose of "acelerating" legislation for the reclamation of swamp and marsh lands. A very serious obstacle in the way of this reclamation scheme is the fact that the great bulk of these swamp lands do not belong to the United States Government, but are owned by States, corporations or individuals. It will be difficult to persuade Congress to vote money from the Federal treasury for the purpose of improving property that does not belong to the government, even though plans for reimbursement be ever so plausible; and, however powerful the log-rolling combination in support of it, the difficulties in the way will probably be found insuperable. Ultimately the problem may be worked out by States and private enterprise.—Buffalo (N. Y.) Courier (Dem.)

TWINKLINGS.

—Enthusiastic Amateur Sailor—Let go that jib sheet! Unenthusiastic "landlubber" (who has been decoyed into acting crew—I'm not touching the beastly thing!—Punch.

—"I thought Spawnyer had a good job." "He had, but he lost it. He never holds a position long." "I suppose that's because he's given to drink." "No, it's because drink is given to him. He never buys."—Philadelphia Press.

—"And no doubt," we say to our friend, the candidate, "you will make an especial appeal for votes by sympathizing with the man with patches on his garments?" "No", he responds with a knowing wink, "I shall make a tenstrike by voicing my undying sympathy with the men who can't get their clothes patched."—Chicago Post.

—"Old Man Pilkinson candidly admits that his wife made him what he is." "Yes; but I have noticed that he is always careful to assure himself before admitting it that she isn't present to put in a denial."—Judge.

Fortune Teller—Beware of a short, dark woman with a fierce eye. She is waiting to give you a check. Visitor (despairingly—No she ain't. She's waiting to get one from me. That's my wife.—Baltimore American.

—"Why," he asked, "do girls like so much to display diamond rings on their engagement fingers?" "Well," she replied, as she carelessly twirled the jewel on her third finger, "you know there is nothing like a shining example to stimulate one when he has a purpose in mind." When she had time to speak again she cried, "Oh, Fred, I hope you don't think I was trying to throw out a hint. I never suspected that you cared about me at all."—Judge.

Queer Timekeepers.

To ascertain the time at night the Apache Indians employ a gourd on which the stars of the heavens are marked. As the constellations rise in the sky the Indian refers to his gourd and finds out the hour. By turning the gourd around he can tell the order in which the constellations may be expected to appear. The hill people of Assam reckon time and distance by the number of quids of betel nuts chewed. It will be remembered how, according to Washington Irving, Governor Wouter van Twiller dismissed the Dutch colonial assembly invariably at the last puff of his third pipe of tobacco. A Montagnis Indian of Canada will set up a tall stick in the snow when traveling ahead of friends who are to follow. He marks with his foot the line of shadow cast, and by the change in the angle of the shadow the oncoming party can tell on arriving at the spot about how far ahead the leader is. Doubtless the first timekeeper was the stomach, which notified its owner when the hour for a meal arrived.

Battles Decided by a Single Shot.

There are certainly three instances on record of a siege or battle having been decided by a single shot. First in order of importance was the shot believed to have been fired by one of his own men which killed Charles XII. in the trenches of the fortress of Friedrichstein, which immediately led to the raising of the second siege of Friedrichshall. This is perhaps the most important musket shot ever fired in the history of the world. Next comes the discharge of the mortar fired by Lord Cochrane during the defense of Port Trinidad in 1808. This shot foiled a French surprise and saved the fortress. Lastly, there was the single dischargo of grapeshot which saved the fortress and town of Haddington in 1548. The French invaders had actually forced their way into the outworks of the castle when the one well directed shot created such havoc in their densely packed ranks that there ensued an immediate panic, which ended in flight.

The Advantage of an Accident.

"The small size of the propeller screw," says a noted shipbuilder, "is not due to the perception of any inventor of its greater effect as compared with a larger one, but purely to accident. Many years ago screws for steamers were made as large as possible, it being the theory that the greater the diameter the higher the speed. A vessel was sent to sea with a screw so large that it was deemed best to cast each blade in two parts and then weld them together. During a storm all three blades of the propeller broke at the welding, reducing the diameter by more than two-thirds. To the surprise of the captain the vessel shot forward at a speed such as had never been attained before. Engineers then experimented with small propellers and discovered that they were much more effective than large ones. Had it not been for that accident we might have gone on using large bladed screws to the present day."

Where Fogs Are Thickest.

"In going from Rome to Paris," said a young man, "I paid extra money to cross the St. Gothard, but that lofty Alpine pass was a disappointment. It was foggy, and I saw nothing of the Alps. Hard luck, eh?"

"Not at all," replied the globe trotter. "Nearly everybody finds the St. Gothard wrapped in fog and mist. The St. Gothard, in fact, is the foggiest place in the world. London has 38 days of fog a year, Munich has 47, Hamburg has 52, Tegernsee, in the Bavarian Alps, has 134. Overtopping all of them comes the St. Gothard, with an annual average of 277 foggy days."

The Starry Cross.

The first order ever bestowed upon women was the order of the Starry Cross, founded in 1668 by Eleanor, widow of Ferdinand III. of Austria, in thanksgiving for the saving of a portion of the holy cross at a fire in the palace at Vienna. This order, which was confirmed the following year by the pope, is divided into two classes, containing different jewels, and is conferred in recognition of distinguished virtues. It is worn on the left breast attached to a black ribbon.

Toilet—Toylet.

In the "New World of Words," 1720, "toilet" is defined as "a kind of Tablecloth or carpet made of fine Linnen, Satin, Velvet or Tissue, spread upon a Table in a Bed Chamber where Persons of Quality dress themselves; a Dressing-cloth." A similar definition is given in Bailey's dictionary. The origin of the word is curious, for Cotgrave has: "See 'Toilette,' 'A toylet, the stuff which drapers lay about their cloths; also a bag to put nightgowns in.'" In the "Rape of the Lock," 1, 121, "toilet" seems used for the table and its contents:

And now, unveil'd, the toilet stands display'd,
Each silver vase in mystic order laid.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. PERSONAL PARAGRAPHS.

—Mr. A. Sellers, of Ivanhoe, is in the city on a business trip.

—Deputy Sheriff A. T. Piver is spending a few days in Norfolk on business and pleasure.

—John Gilchrist McCormick, Esq., of the Lumberton bar, spent yesterday in the city on professional business.

—Mrs. A. P. Hilburn, of Canetuck, Pender county, is in the city the guest of Mrs. R. P. McClammy, Front and Church streets.

—Mr. W. W. Blair returned Sunday from an extended business trip South, having been away for a week or ten days.

—Mr. A. C. Moore, of Currie, and his brother, Mr. E. A. Moore, of Wilmington, returned yesterday from a trip to Washington and the Jamestown Exposition.

—C. Ed. Taylor, Esq., of Southport; Miss Carrie Taylor, of Brunswick, and Mr. J. Mercer Taylor, of Wilmington, will leave this morning for a visit of several days to the Exposition.

—Misses Claudie McCullers and Mary Colvin two attractive young ladies of Atkinson, who have been spending a while in the city, returned home yesterday.

—Dr. Chas. T. Harper, superintendent of health, is confined to his home with a badly inflamed foot, caused by a trifling scratch received a few days ago. He hopes, however, to be out again in a day or two.

—Mr. Hayes Sloan, of Chinquepin, Duplin county, and formerly a resident here, is in the city on his way to Dillon, S. C., where he will visit his brother, a prominent business man of the South Carolina city.

—Mr. Eugene Woodward, of Chattanooga, Tenn., is in the city, having been called home on account of the sad death of his father, the late Col. W. J. Woodward. He joined the funeral party in Fayetteville on Sunday.

—Mr. Benjamin F. White, a popular yonug Wilmingtonian now traveling for a large electrical supply house in Dayton, O., with headquarters in Atlanta, Ga., is in the city to spend a day or two on business and pleasure. He is being cordially greeted by his numerous friends here.

—Mr. and Mrs. T. W. Wood and children and Mrs. G. D. Pugh, their guest, will leave this morning for Norfolk and Richmond, Va., where they will spend some time. While away Mr. and Mrs. Wood will visit relatives and Mr. Wood will have a minor operation performed on his throat, which has been troubling him some time.

—Mr. Emmet Levy, of Wake county, arrived last evening. Mr. Levy is now merchandising near Raleigh, having recently combined his dog and pony show with Buffalo Bill, which will be seen here Thursday. Mr. Levy arrived to attend the show and renew his acquaintance with the animals.

—Mr. James F. Woolvin returned Sunday from the Jamestown Exposition, where he attended the National Funeral Directors' Association, which was in annual convention there. The convention brought together the leading funeral directors of the country and the proceedings of the body were covered in the news dispatches of the country during the week.

—Mr. R. O. Vaughan left Sunday evening for Petersburg, Va., in response to a telegram bringing him the sad news of the death of his brother, Mr. Alex. Vaughan, a leading produce merchant of that city. Mr. Vaughan had been ill for some time, and his brother had only recently returned from his bedside, his condition at that time being favorable. The deceased is survived by his wife and two daughters, who have the sympathy of friends in their bereavement.

Mr. Williams Goes to Spencer.

Mr. J. H. Williams, of Chapel Hill, who has been in temporary charge of the Y. M. C. A. here pending the arrival of the new General Secretary, Mr. Edward Kettle, will leave this morning for Spencer, N. C., where he will take the assistant secretaryship of the railroad Y. M. C. A. in that progressive little city of the Southern Railway. Mr. Williams made many friends during his brief stay in the city and many regret his going. He has the best wishes of all for his continued success in his chosen work.

Bill of Sale Filed.

A bill of sale was filed yesterday at the Court House, transferring from W. H. Hubbard and J. A. Smith, assignee to F. M. Hightower, of Anson county, for $651, all whiskies, wines and liquors and all other stock in trade of the business lately conducted by W. H. Hubbard at 128 Market street.

LOCAL DOTS.

—License was issued yesterday for the marriage of Mr. Walter W. Harrison and Miss Fannie Frost, daughter of Mr. and Mrs. C. L. Frost, all of this county.

—The regular quarterly meeting of the Board of Directors of the Associated Charities will be held at the office of the Association this morning at 11 o'clock.

—The Hospital Circle of the King's Daughters and Sons will hold its first meeting for the Fall and Winter work at the home of Mrs. Chadbourn, 117 South Third street, on Tuesday morning at 11 o'clock. A full attendance of members is desired.

—It is stated now that there is a probability that the plant of the Hannah Box Shook Company may not be rebuilt. It was one of Wilmington's most important and progressive industries and it is hoped that the owners will see their way clear to begin business again.

—Friends of Mr. and Mrs. J. E. Kelly, of Masonboro Sound, will sympathize with them in the death of their infant daughter, Addie Pearl, which occurred at the family home at 8:40 o'clock Sunday night. The funeral was conducted at 3 o'clock yesterday afternoon by the Rev. A. J. Parker, pastor of Bladen Street M. E. Church of this city, and the interment was in Bellevue cemetery.

DID NOT AIM AT SUICIDE

Darlington People do not Think Sykes Meant to Kill Himself.

Darlington, October 13. — —Coroner J. N. Clanton, with a jury, held an inquest this morning over the remains of Thomas J. Sykes, who drank laudanum yesterday and died. Sykes went to his room about 12:30 P. M. but it was about 3 o'clock before Brown's little boy thought of reporting to his mother that he had seen Sykes drink something out of a small vial, and he reported when he did because of Sykes' heavy breathing, or snoring.

Mrs. Brown says Sykes had been drinking for a week or so, but did not seem to be drunk when he went to the room, but complained of feeling very weak. So far as could be learned he drank only one ounce of laudanum.

Mr. Ernest Sykes, a brother of Thos. Sykes, who came here today, says that the latter suffered from a heart affliction. This and the fact that Sykes had eaten very little if anything for several days may have produced death when there was no intention to commit suicide. In fact, the opinion prevails today that Mr. Sykes did not intend to commit suicide.

The remains were taken to Fayetteville, N. C. tonight.

GREAT PROGRESS DURING YEAR

Annual Letter at First Baptist Church Read Sunday Evening.

The annual report of the First Baptist Church, of Wilmington, to the District Baptist Association, was read to the congregation Sunday evening and was a source of much gratification to Pastor Hale and all members. The year just closed was the best of Dr. Hale's pastorate. There were 174 accessions to the church membership, bringing the roll now to 804. Collections for all purposes were $2,000 greater than the year previous, the total amount having been $10,192. Of this sum, $3,715 was given to missions, benevolence and education and $1,603 was used in church improvement.

The Sunday School room is now being remodeled and subscriptions are being taken to the church improvement fund before the State Convention meets here in December. The work of the First Church is progressing along all lines.

AN APPROACHING MARRIAGE.

Invitation Cards Mailed Yesterday to Wedding of Young People.

Friends in this city and elsewhere in the State on yesterday received handsomely engraved invitations bearing the following interesting announcement:

Mr. and Mrs. Daniel Cortlandt Davis
invite you to be present
at the marriage of their daughter
Daisy Manning
to
Mr. John Hardy LeGwin
Tuesday afternoon, October twenty-ninth
nineteen hundred and seven
at half after five o'clock
Shadeland
East Wilmington, North Carolina

Both are popular young people of Wilmington and have a great number of friends, who will extend congratulations to the groom upon the rare good fortune which is soon to be his.

"Peggy" Not So Fine.

Perhaps the public expectation had been whetted to too high a pitch, but the production of "Peggy From Paris" at Academy of Music last night was not what it should have been to have met the requirements of a majority of those who had pinned their faith to George Ade the playwright, and Miss Helen Byron, the star, who is so pleasantly remembered from last season when she was seen to such fine advantage in "Sergeant Kitty." But after all it was pleasing for theatregoers to renew the stage acquaintance with Miss Byron and aside from the leading role there were some very good characters, but all told the show was not satisfying.

THE COLD WAVE HERE.

Overcoats and Wraps Quite Comfortable—Frost Predicted.

Sable Winter made its appearance Sunday in pretty good shape, the weather having been clear but quite cold. Overcoats and wraps were quite comfortable all day and at night they were indispensable. The minimum temperature at Wilmington Sunday was 41 degrees and yesterday morning light frosts were reported here, at Charlotte, Raleigh and heavy frosts at Goldsboro and Weldon. The minimum temperature yesterday was again 41 degrees with another prediction of frost, warning of which were promptly sent out by the Weather Bureau. Fair and slightly warmer weather is promised in North Carolina for today and tomorrow. The weather conditions as told on the official map yesterday morning were as follows:

"On Sunday morning the high pressure area had spread farther to the south and east with colder weather, and light to heavy frosts occurred southward into the interior of the Gulf States. The high area this morning is central over the interior and Gulf States and colder weather has spread well to the southeast with light, heavy, to killing frosts in the Gulf and South Atlantic States and Tennessee.

"The high pressure area is moving slowly and will cause fair and continued cool weather in this section tonight with frost fair on Tuesday with slowly rising temperature."

MONUMENT UNVEILING.

Beautiful Ceremonies by Woodmen at Masonboro on Sunday.

According to the beautiful custom of the order everywhere, impressive ceremonies Sunday afternoon on Masonboro Sound marked the unveiling of a handsome monument over the grave of its late Sovereign, L. A. Hewlett, by Live Oak Camp No. 6, Woodmen of the World, of this city. The day was an ideal one for exercises of the kind and the attendance was large, members of the order in this city having gone down in wagonettes and by trolley car. The address upon the occasion was by Robert W. Davis, Esq. and was in every way pleasing and eloquent. The music was by the Acme Male Quartette of this city, composed of Messrs. W. A. McGirt, W. B. Muse, A. L. Dosher and W. R. Dosher.

The officers who presided on the occasion were Consul Commander, John J. Fowler; Clerk, George C. Jackson; Watchman, T. J. Herring; Sentry, O. L. Kelly; Reader of Poem, W. L. Smith; Master of Ceremonies, Jas. H. Burriss; Advisory Lieutenant, J. Love Davis; Banker, George T. Hewlett; Orator, R. W. Davis, Esq.; Escort and Banner Bearer, C. R. Spooner. The managers were Messrs. J. W. Fleet, W. G. A. Otersen and John E. Wood.

The ceremonies were pretty and impressive and were pleasing to the bereaved family and to all the friends who knew Mr. Hewlett so well and favorably in this life.

Harness Shop Entered.

The harness shop of Mr. L. A. Billbro, No. 220 Market street, was reported yesterday morning to have been entered either Saturday or Sunday night. It was discovered yesterday morning when the store was opened that the back door had been prized off and that all the drawers and desks had been ransacked. The thief was evidently after money and as this was not found in the place, little, if anything, was stolen.

Afternoon Dancing Classes.

An announcement of interest to many former patrons as well as many new ones, is that Miss Bessie Gore expects to resume her afternoon dancing classes in Concordia Hall early in November. Miss Gore has been quite successful with her afternoon classes in dancing and the term this season will no doubt be largely attended.

FAIR EXCHANGE.

A New Back for an Old One—How it Is Done in Wilmington.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Follow the example of this Wilmington citizen.

R. F. Rowan, clerk with L. W. Davis' Clothing house, residing on Castle street, between Sixth and Seventh, Wilmington, N. C., says: "I strained myself lifting a heavy box, and suffered great pain across my back for a long time. I used plasters and liniments, but they did me no good. I could hardly stand up straight, my back was so weak. Seeing Doan's Kidney Pills advertised in our newspapers I went to Bellamy's drug store and got a box. I felt better the next day and continued using them according to directions and my back regained its old strength. I was simply surprised at the result. I will gladly recommend Doan's Kidney Pills every time for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SHOOTING ON HORSEBACK

Col. Cody on Horseback Will Do Marvelous Feats.

To sit and watch a skillful billiard player manipulate the ivory balls in such a manner that they appear to be alive and entirely obedient to the will of the man with the cue, gives an impression that to thus handle the balls is easy, and it is, when you know how. Knowing how means years of practice added to a peculiar inborn faculty that is inexplicable like the mystery at the finger ends of a Paganini, an Ole Bull, or other great master of musical instrumention.

These facts apply to the shooting on horseback of Colonel Cody "Buffalo Bill" in the Wild West exhibition. He rides a galloping horse and shatters the glass balls thrown in the air by another man galloping ahead. The act looks easy, and it is, to Colonel Cody, who has spent much of his life, from early boyhood, on the back of a horse, and has shot deer, antelope,buffalo, Indians and whatever was necessary, first, in his calling as a hunter and scout, and of late years in his work of teaching the world the ways and wonders of its people of the wilds and the frontier.

The observer of Colonel Cody's apparently easy performance do not generally think of the swaying or jolting movements of the horse, the sometimes unevenness of the ground over which he is galloping, or the many other things interfere with sight, and aim, and steadiness, varying and vascillating lights and shadows, for instance; and the irregularities in the throwing of the balls caused by the swayings and joltings of the other horse.

However, Colonel Cody does not plead any of these things. He simply comes out on his horse and smashes the balls, rarely missing one, and the performance is exceedingly interesting to the witnesses of it and is one of the many excellent and pleasing features of the Wild West exhibition.

LUMBER FIRE AT ARTESIA.

Dry Kiln and Planing Mill of Buck Lumber Company Destroyed.

Parties who came in last night on the late train from the south report the burning of the dry kiln, planing mill and about a million and a half feet of lumber at the plant of the H. C. Buck, Jr., Lumber Company, at Artesia, N. C., yesterday afternoon about 4 o'clock. The saw mill and engine room with other machinery were saved The fire is supposed to have started from a spark which dropped into the dry kiln. It blazed up all at once and burned like tinder. Mr. Buck, who is a New Jersey man, had not a cent of insurance on the large loss in the burning of the property. He announces that he will rebuild at once.

During the fire three Atlantic Coast Line freight cars, two of them loaded with dressed lumber for shipment, were burned on the sidetrack at Artesia. The station is between Hallsboro and Waccamaw and is the site of the English colony recently established by the Carolina Trucking Development Company of this city.

SPECIAL TO SUBSCRIBERS.

Advance in Rates of Subscription Beginning October 1st.

Beginning October 1, the subscription rates of The Morning Star will be as follows:

By Mail—One year, $6.00; six months, $3.00; three months, $1.50; two months, $1.25; one month, 75 cents.

By Carrier—Delivered in any part of the city, 50 cents per month either by the month or year.

This moderate advance has been deferred until it has become absolutely necessary on account of the largely increased cost involved in the production of newspapers.

For many years the subscription price of The Morning Star has been lower than that of any other paper of its class in the State.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brumson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellet appetite, feels strong and sleeps well." TERRIBLE AUTO ACCIDENT.

Four People Killed in Collision With Railroad Express.
(By Wire to The Morning Star.)

Pottstown, Pa., Oct. 14.—As the result of a grade cross automobile accident on the Philadelphia and Reading Railway at Keim street here tonight, four persons were killed and one probably fatally injured. The automobile which was run down on the crossing by a Pottsville express, contained a party of five persons from Kimberton, Chester county, Pa. The dead are: Jacob Reese, aged 55 years; Mrs. Jacob Reese, aged 48 years; Mrs. Anthony W. Enery, Jr., aged 42 years; Belva Emery, aged one year, child of Mrs. Emery.

Anthony W. Emery, Jr., owner and driver of the automobile, was the only one of the party to escape death, and his thigh was broken and he received internal injuries in the accident. The party were on their way home from a shopping tour in this city when the accident occurred. The crossing where the automobile was struck is reached after a sharp turn. A hedge and a clump of trees, together with a couple of buildings, partly obscure the crossing until within a short distance of its approach and its is probable Mr. Emery did not know a train was due, for he drove the machine directly on the tracks in front of the express.

AFTER AMERICA'S CUP.

Boats to Be Built in Sweden to Race Yankees.
(By Wire to the Morning Star.)

Stockholm, Sweden, Oct. 14.—William Obsen and Goesta Kyhlberger, who are at the head of the movement here to build a challenger for the America's cup, say that a large portion of the money required to construct and sail a ninety-footer estimated at about $189,000, has already been subscribed. Many large manufacturers have offered to furnish material gratis and the captain and the three mates of the yacht will sail her without any pay, the designer will accept no compensation for his work and the builders will charge the net cost of the construction. Messrs. Obsen and Kylhberger think they will not be able to guarantee funds even for a 95-footer, if required.

The seeming non-challenger of the New York Yacht Club in replying to the inquiry of the Swedish Club, was commented upon in strong terms today at a meeting of prominent Swedish yachtsmen. The majority of those present believed this was in fact an advantage, as it had aroused keener interest in Sweden, which was resulting in a determination to do everything possible to bring about a race.

BAD TROLLEY COLLISION.

Twenty-Five People Injured Near Erie, Pa., Last Night.
(By Wire to The Morning Star.)

Erie, Pa., Oct. 14.—Twenty-five persons were injured, a majority of them seriously, but none it is believed, fatally tonight in a trolley collision on the Buffalo and Lake Erie traction line at Moorheadville Switch near here All the passengers had miraculous escapes from death.

The car was leaving Northeast below Moreheadville and is said to have been running at the rate of thirty miles an hour. A work car preceded the trolley and at Moreheadville it was sidetracked. It is said the switch was not properly locked and the passenger car struck the switch, swerved for a moment and then crashed into the work car. Fortunately the brakes on the work car were not set and following the impact the work car was knocked several hundred feet along the tracks. All the passengers were thrown from their seats and showered with broken glass. Ten women passengers, all of Erie, were badly cut and bruised. Ten other persons received minor injuries.

ARRESTED IN SAVANNAH

J. W. Menifee, Charged With Grand Larceny, Caught by Detective.

Columbia, S. C., Oct. 13.—J. W. Menifee, who was tonight arrested in Savannah, Ga., was indicted by the grand jury in the Circuit Court at Tavaris, Fla., charged with grand larceny, it being alleged by the authorities of the Atlantic Coast Line Railroad Company that while agent of that road at Leesburg, Fla., he, with the connivance of his predecessor, John W. Jolly, stole and disposed of a large quantity of merchandise from the railroad warehouses. Jolly was convicted at Taveries on October 9th under the charge of forgery and sentenced to two years in the penitentiary.

Menifee was located by the detectives of a surety company at Lena, S. C., but he received a "tip" and suddenly left that place this afternoon and was apprehended by Detective Murphy at Savannah on information wired him from Columbia.

U. S. SUPREME COURT

In Session Thirty-six Minutes—Many New Lawyers.
(By Wire to the Morning Star.)

Washington, Oct. 14.—The Supreme Court of the United States began its October term today. The court room was crowded with attorneys and spectators. Thirty-one motions for admission to the bar were made and the applicants sworn in. The calendar of the court contains 481 cases, which is a considerably larger percentage of business than has confronted the court at the beginning of any previous term. Besides receiving the new attorneys, the court entertained motions regarding 26 pending cases and four motions from the Department of Justice. The session occupied thirty-six minutes and the court adjourned until tomorrow.

In New York city yesterday was the last registration day for the fall elections. Unofficial reports last night give the total registration for the four days at 596,473.

In Savannah at 1:15 o'clock this (Tuesday) morning, fire destroyed the hardware stock of H. P. Peebles & Sons, 125 Congress street, west. The loss is estimated at $70,000, $60,000 on the stock and $10,000 on the building, both well insured. No explanation of the origin of the fire can be secured

Fire at Nashville, Tenn., yesterday gutted the store of John Ritchcock & Sons, dealers in wagons, harness and seeds, entailing a loss estimated at partments of the government. Tihs was overcome by smoke and barely escaped. The stock of McKay, Reese & Co., wholesale hay and seeds, was considerably damaged.

The Southern Textile Conference met at the State capitol in Nashville, Tenn., yesterday to discuss questions relating to the child and female labor in the shops and factories of the South. Delegates were present from Tennessee, Alabama, Georgia, Florida, North Carolina, South Carolina and other Southern States. The conference will be in session two days.

ROOSEVELT'S FRIEND DEAD.

William N. Wilmer Passed Away at Plain Dealing, Va.
(By Wire to The Morning Star.)

New York, Oct. 14.—News was received in this city today of the death of William N. Wilmer, at his country place, "Plain Dealing," in Albemarle county, Virginia. He was a member of the New York City board of education, chairman of the executive committee of the Normal College, and a member of the law firm of Wilmer & Canfield, of this city. The Roosevelt property at Pine Knot, Va., was purchased of Mr. Wilmer and he had entertained President Roosevelt and family on occasions at "Plain Dealing." Mr. Wilmer was the youngest son of Right Rev. Joseph P. B. Wilmer, formerly Bishop of Louisiana. He was unmarried. The funeral will be held at Baltimore tomorrow and the interment will be in that city.

Five Men in Virginia Sent to the Penitentiary.

Lynchburg, Va., Oct. 14.—The trial of the five men for the murder of Ann Hall in Patrick county last March, which has been on here in the Federal Court for five weeks, came to an end today when Peachy Rakes, who was on trial, pleaded guilty and was given six years in prison. George Booth and George Martin, who had not been tried, pleaded guilty to the charge of conspiracy to murder and they were given a year each. Governor Beamer, the first to be tried, was given six years and Will Rakes 15 years.

NEGRO TROUBLE IN GEORGIA

Whites and Blacks Engage in Bloody Fight.

Toccoa, Ga., Oct. 14.—As a result of fighting yesterday among negro members of the Lula Baptist Association, which is heading a meeting near here, two negroes are in jail badly injured and three white men are wounded. It is said the negroes were drinking and began shooting. The sheriff was called on to restore order and arrested Rich Harber, a negro, who was badly beaten by the officers before he could be subdued. Thomas Browder, another negro, is reported to have taken possession of the home of John Cope, a farmer. Cope summoned his neighbors and a fusilade of shots were exchanged. The negro was finally captured. Three of the white men were painfully injured in the fight.

—Maxton Scottish Chief: We call attention to the advertisement in this issue, giving the condition of the Bank of Maxton at the close of business on September 28th, past. This statement shows that the Bank of Maxton caught up with and passed the oldest bank in the county, and now stands at the head of the procession, of the seven banks in Robeson county. The deposits amounting to $252,904.66, with no bills payable or rediscounts standing against it. Aside from the prosperity of our people there is another reason for this excellent showing. The bank is in the hands of officers who are not afraid to use printer's ink. The Chief has been an instrument freely used to bring about this result. Cashier Spaulding is an advertiser right. When he has a good thing for the people he lets them know it.

—The further the "trust busting" businiess progresses, the more apparent it becomes that it alone is not going to wipe out the monopoly evil. "The is the mother of trusts," is a hackneyed phrase, but the truth of it is more widely admitted than ever before. Witness the action of the Massachusetts Republican Convention in recommending that Congress meet in special session to revise the Dingley law. Not long ago the General Paper Company, the Western paper trust, was dissolved by a court order, but its constituent parts have been absorbed by the International Paper Company. News print paper is higher than ever before, and is going higher—indeed, the prospective increases are so great that the future contains a threat of bankruptcy for many newspapers, unless they, too, raise prices. The trust is protected by duties on paper and wood pulp.—Rome (N. Y.) Sentinel (Dem.)

SPIRITS TURPENTINE

—The match factory at Ronda, western North Carolina, will soon begin operations. It is one of the first of its kind in the South.

—The town of Denton near Lexington is to have a new $50,000 cotton mill of 5,000 spindle capacity. It will be constructed by the Denton Cotton Mills Company.

—Thomasville, Oct. 12: Yesterday your correspondent was shown a gold brick weighing 217 ounces and valued at $3,700. It was got out of Captain M. L. Jones' mine and was the work of one week. It was sent to the United States Mint at Charlotte.

—Davidson, Oct. 12: Captain Richmond Pearson Hobson lectured here tonight, holding the undivided attention of the audience for two hours while he preached the doctrine of a big navy for the United States, special stress being laid on the imminence of war with Japan, that nation wanting but the least sort of pretext for it.

—Asheville, Oct. 10: A $10,000 damage suit has been instituted in the Superior Court here against the Western Union Telegraph Company. The plaintiff is B. F. A. Saylor, of Asheville. It is alleged that the Western Union in transmitting a message "bulled" it, with the result that the plaintiff to the action sustained great loss.

—Maxton Scottish Chief: Last Monday the Bank of Maxton received the largest deposit ever made in Robeson county. It was made by Captain J. C. Everett, agent for Alex Sprunt & Son, Wilmington. If he had thought of going down into his stocking on the 28th of September it would have swelled the Banks' deposits to over three hundred thousand dollars. The amount was $58,049.60.

—Winston-Salem, Oct. 12: There was no trial yesterday afternoon of James Moran, the alleged pickpocket, arrested Thursday afternoon by Deputy Sheriff Cofer for robbing Mr. J. P. Futrell of $2 for the reason that Moran who was released Friday on a $200 bond, had left the city as might have been expected. The bond was placed at $200 on recommendation of Judge Fred Moore, who presided over the Superior Court last week.

—Salisbury, Oct. 12: The Salisbury Anti-Saloon League was re-organized last night with W. B. Smoot president and P. S. Carlton secretary. The Law and Order League also held a meeting. There was discussion about an election on the "wet" and "dry" proposition, but nothing came of it. Whether or not there will be a vote on this great issue soon is very doubtful. It is very certain that some of the most potent "dry" men will advise against it now.

—Greensboro, Oct. 12: In a cottage belonging to Dr. L. W. Crawford on the northern outskirts of the city but occupied by Jamie McCoy, colored, fire broke out tonight about half past 7 o'clock and destroyed the entire house and burned to death in it a colored woman named Lizzie Jeters, who is said to have been over a hundred years old. The McCoy woman left a small braze in the fireplace and her mother in the house while she went to market, and it was during her absence that the fire broke out.

—Lumberton, Oct. 12: At a meeting of the board of county commissioners here Robeson county court house bonds in the sum of $50,000 were sold to the Security Trust Company, of Spartanburg, S. C., for $54,189.75. Before the bids were submitted it was ordered by the board that no bidder should be required to put up an amount in excess of $1,000 to make the bid good. These bonds will be dated November 1, 1907, and bear 5 1-2 percent. interest, maturing November 1, 1937.

—Maxton Scottish Chief: Elsewhere we print the announcement of an election ordered by the Board of Town Commissioners to be held on December the 9th, on the question of Water Works and Sewerage for Maxton. There will be a new registration and everybody must register if he would vote. The books will be open in the office of F. L. Black, Esq., register from November 9th, until election day. The bond issue will be for not less than $40,000 and not more than $50,000. This action has been taken by the town authorities in obedience to resolution passed on the 3rd of last May by one of the largest and most representative meetings of our citizens held in years.

—Winston-Salem, Oct. 12: The Forsyth County Fair closed yesterday afternoon. The attendance on the closing day was considerably more than had been expected. There was much interest in the races and horse show. The fair this year is the most successful event of the kind ever given in this section of the State. The fair management will make some money this year, something unknown in them in the past. They are already making plans for extensive improvements on the ground, which, when completed, will make the fair second to none in the State.

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 14.—The recovery in stocks today, after the spasmodic decline just after the opening brought a feeling of relief to general anxiety in the financial district, which reached a stage of acute alarm in brokers' offices where the course of events of Saturday, if continued, would run rapidly into disaster. The strain on the opening of the market was severe, as it was Saturday's violent decline having had the usual after effects in the augmented volume of selling from holders either discouraged by the fall or forced to retire by withdrawal of credits and demands for additional margins from disturbed brokers. The break at the closing affected the better sentiment which was growing up.

Reports from railroad traffic officials from all sections of the country reported traffic still pressing upon them in larger volume than they could handle, and this helped to cure the fright caused by the sudden assertion that the Harriman systems were to cut down operating forces in order to effect necessary economics. Foreign exchange rose again here, and this, in connection with the French takings of gold in London, kept alive the discussion of possible gold exports. The outpouring of the United States Steel stocks late in the day was the deciding factors in carrying prices downward again.

Bonds were weak. Total sales, par value, $1,848,000. United States registered declined 1-4 per cent. on call. Total sales of stocks today, 775,100 shares.

THE COTTON MARKET

(By Wire to The Morning Star.)

New York, Oct. 14.—The cotton market was firm and higher on reports of frost in the belt, with the close steady at a net advance of 14 to 27 points. Sales for the day were estimated at 250,000 bales.

The market opened firm at an advance of 14 to 18 points and right after the call December sold 22 points net higher on covering of shorts and buying for account which was encouraged by the higher Liverpool cables and reports of light and heavy frosts more or less generally over eastern and central sections of the belt. Private wires received early were either reassuring, most of them claiming that temperatures had not fallen to the freezing point and the market reacted about 9 or 10 points from the top during the middle of the afternoon under realizing and bear pressure. December continued relatively firm, fresh sellers avoiding that position, and later the whole list firmed up on additional frost reports and predictions for frost again tonight in eastern sections. The close was a little off from the best under realizing and rumors that there had been a cut in the price of cotton goods. Southern spot markets as officially reported were unchanged to 1-8c higher.

Receipts cotton at the ports today, 42,000 bales, against 44,750 last week, and 68,601 last year. For the week, 290,000 bales, against 239,771 last week, and 370,477 last year. Today's receipts at New Orleans, 5,115 bales, against 13,607 last year.

Spot cotton closed steady 30 points higher; middling uplands, 12.00; middling Gulf, 12.25; sales, 400 bales. Futures opened firm and closed steady.

Justice Brewer Declares in Address That Christianity Will Solve Race Problem.

MISSIONARY WORK PLANNED

Special Effort to Christianize and Educate Despised Races—Negro Superior to Many Immigrants Coming From Europe.

(By Wire to The Morning Star.)

Cleveland, O., Oct. 14.—The raising to a higher state in the Christian world not only the negro race but the hordes of foreigners who become American citizens each year, formed the principal topic of discussion before the American Missionary Association at the sessions of the Triennial council of the Congregational church here today.

Notable addresses were delivered by Justice David J. Brewer on the Importance of the American Missionary Work to the Nation; by Bishop C. B. Galloway, of Mississippi, on the Christian Education of the Negro, and by former Governor W. J. Northern, of Georgia, who told of the work of the Christian League of Georgia, an organization in that State, which is composed of members of both races and has done much to lessen crime.

Tonight Rev. Dr. W. Douglass McKenzie, of Connecticut, delivered an address on the practicability of human brotherhood and Rev. Charles E. Jefferson, of New York, spoke on pilgrim principles and the race problem.

Cleveland, O., Oct. 14.—Justice David J. Brewer, was the principal, speaker today at the meeting of the American Missionary Association. He dealt mainly with the race problem, saying in part:

"The uplift through Christian education is the principal work of the American Missionary Association. True, they are not the only objects of its interest and care. All the despised races in our borders are included. I have myself done a little preaching from the bench of the Supreme court on the duty of Christian America to the healthen Chinese. What I said made but slight impression on the courts but it will yet be heard and heeded by the great body of American Christians. But the numbers of the colored people so surpass those of all the others and their relations to the nation are so peculiar that not unnaturally we look earnestly upon the work of the association among the colored people. And their very numbers attest the value of this work to the nation. Surely anything which is uplifting one-ninth of our population must be of profound interest to all.

Many of the vast multitudes pouring into this republic are racially cold blooded and selfish. Not a few come tainted with the spirit of anarchy and are willing to destroy all social order in the hope of personal gain out of the wreck. These immigrants become citizens as we are citizens and as is this colored and enfranchised race. And while the colored brothers may be too fond of the chicken coop and the watermelon patch, they are firm believers in social order. You will find no Johann Most, Emma Goldman, Czolgosz or Guiteau among them. In the struggle which may be expected to come between order and anarchy, may it not be that these people, grateful to the nation for their liberty and to the good people of the land for their uplift in knowledge, purity and social standing, prove themselves a mighty force, upholding law, order and the supremacy of the nation? Stranger things have happened than that these people, crushed and wronged for generations, should become at last strong defenders of the nation and the community at whose hands they have hitherto received injustice.

"They are here as citizens. Whatever temporary restrictions may be placed upon their approach to the ballot box the time will come when all barriers will be broken down and they will enjoy everywhere the full rights of citizenship. One of our first tasks is that of multiplying skilled workers. It is one thing to pick cotton or hoe potatoes and something more valuable to make a watch or run an engine. The skilled laborer is worth more to the nation than the unskilled, and the industrial training at Hampton, Tuskegee and elsewhere is creating a higher class of labor in the midst of this people. And so far as the institutions under the care of the American missionary association are doing this work of industrial training, they are placing the nation in debt to them.

"So we stand before the American people and say here is one-ninth of our population coming out from the ignorance and immorality of slavery. We are making its uplift our business. We are striving to train the hand and the mind, and to fill the heart with a love of purity and a sense of the beauty of holiness. As we are faithful in this work we feel that we make a strong appeal to the nation's assistance and gratitude and we know that we shall hear our Master's voice: 'Inasmuch as Ye Have Done it Unto One of the Least of this my Brethren, Ye Have Done it Unto Me.'"

At Big Stone Gap, Va., early Sunday morning, Hon. Campbell Slemp, member of Congress from the Ninth District of Virginia, died of angina pectoris. He was the only Republican member of the Virginia delegation in Congress.

MR. ROOSEVELT ON BEAR LAKE

Bears Have Been Sighted By Several Men and Many Tracks Discovered.

SUNDAY ROW ON THE LAKE

Skim of Ice Covered the Water—Hunters in Better Spirits Over More Promising Prospects — Two Timber Wolves Passed.

(By Wire to The Morning Star.)

Stamboul, Oct. 14.—No person reached Stamboul from the President's new camp on Bear Lake today except a party which started from there early this morning, and no messenger is expected until tomorrow. The party arriving today consisted of Secretary Latta and Messrs. Parker, Shields and Mangum, the last named a Mississippian with whom the President became acquainted at Smeads, and who was invited yesterday to the camp. They brought only the report that the President and his remaining companions had made an early start, and that they were in high spirits and hopeful of better fortune than has yet attended the hunt.

Several members of the party have seen bears at the lake, and bear tracks are reported to be numerous. Two timber wolves yesterday passed within sight of the camp. The President spent yesterday in and around the camp, the only exercises by him being a walk along Bear Lake and a row on the water in company with Mr. Mangum. No member of the party made any attempt to hunt.

The weather remains perfect for hunting. There was a slight coating of ice on the water this morning. The President will come into Stamboul next Sunday before starting Monday on his return to Washington.

STANDARD OIL METHODS.

Sold Products Through Pretended Independent Companies.

(By Wire to the Morning Star.)

New York, Oct. 14.—Hampton G. Westcott, vice president of the Standard Oil Company, of Kentucky, testified today in the hearing of the Federal suit against the oil combine, that in several of the Southern States, the Standard had found it expedient to sell much of its products through companies which the public believes to be independent companies, which are owned by the combine, was discontinued two years ago, according to Mr. Westcott.

Mr. Kellogg, counsel for the government, drew from the witness that the Standard Oil Company of Kentucky, which acts as a selling agent of oil in Kentucky, Georgia, Mississippi, Louisiana, Tennessee, and Alabama, had purchased numerous small independent selling companies and through many of them sold oil to the consumer. Some of the plants of these independents were dismantled and the business taken over by the Standard.

Mr. Kllogg stated tonight that he expected to call William G. Rockefeller, assistant treasurer of the Standard Oil Company of New Jersey, to the stand when the hearing is resumed tomorrow.

BIG FIRE IN NEW YORK

Large Apartment House Burned—Tenants Escape Half Dressed.

(By Wire to The Morning Star.)

New York, Oct. 14.—The occupants of the Yosemite, a fashionable seven story brick apartment house on the corner of Park avenue and Sixty-Seventh street, were forced to vacate early today by a fire which damaged the building to the extent of $15,000. When aroused by telephone, many of them fled from their apartments clad only in their night robes. Some of them were carried down by the elevator which continued to run during the fire, while others, too frightened to wait, made their way down the stairways, men, women, and children being drenched by water as they descended. E. J. Wells, of the Wells Fargo Express Company, who lives on the sixth floor, was carried to the office by firemen and police. He has been ill and was unable to leave his apartments without help. Judge C. M. Hough, of the Federal court, was among those driven out by the flames. The fire started at the bottom of the dumb waiter shaft and before it was extinguished the entire building was flooded. Some of the tenants, however, were able to return to their apartments.

On Sunday in New York, Baltimore, Atlanta, Chicago, New Orleans and other cities, the telegraphers voted to continue the strike.

FISH FIGHTING E. H. HARRIMAN

Secured Temporary Injunction to Prevent I. C. Stock from Being Voted,

UNLAWFUL SCHEME CHARGED

Harriman's Roads Buying Stock in All Railroads in Order to Control Transportation of the United States.

(By Wire to the Morning Star.)

Chicago, Oct. 14.—Stuyvesant Fish, through his attorneys, H. W. Leman and Frank H. Culver, of Chicago, and Edgar H. Farrar, of New Orleans, today secured a temporary injunction which will, if made permanent, restrain the voting, at the Illinois Central meeting here Wednesday, of 286,731 shares of stock of the Illinois Central Railroad Company which would otherwise be voted in the interest of E. H. Harriman.

The writ is directed against the Union Pacific Railroad Company, the Railroad Securities Company, of New Jersey, and the Mutual Life Insurance Company, of New York, which, combined, hold the above shares of stock.

In addition to the temporary injunction sought, a final decree was asked, declaring that the Union Pacific Railroad Company and the Railroad Securities Company have no power, under the laws of Illinois, to own stock in the Illinois Central. It was also asked that these companies be directed to sell their stock in the Illinois Central within a reasonable time.

The petition charges an unlawful scheme of the Union Pacific Railroad Company to control the commerce of the United States by buying large blocks of stock in the principal transportation companies.

Attorney William Nelson Cromwell, representing the interests of Mr. Harriman in the Illinois Central controversy, tonight said:

"I am not a liberty upon the eve of the annual meeting to disclose the condition of the proxy holding, but I make myself personally responsible for the statement that Mr. Fish has been hopelessly beaten."

YOUNG WOMAN SHOT ON STREET.

Cold Blooded Deed of Purse Snatcher in Philadelphia.

(By Wire to the Morning Star.)

Philadelphia, Oct. 14.—Miss Annie Sabold, aged 31 years, of Lansdale, a suburb, was shot and believed to be fatally wounded under sensational circumstances tonight in the crowded department store district of the city by Walter Hollowell, of Beth Ayres, Pa. Miss Sabold, who is a stenographer, had left her place of employment in company with two young women and was hurrying homeward with the throngs of shoppers when she was attacked. Hollowell endeavored to seize the purse of one of the girls. Failing in this, he drew a revolver and fired two shots, one of which struck Miss Sabold in the side, penetrating the abdomen. Policemen came to the rescue of the girls and were compelled to beat Hollowell severely before they could disarm him. He had formerly been employed by the employers of Miss Sabold and admitted that he intended to rob her. It is said that the announcement of the young woman's engagement was to have been made shortly.

Massachusetts Pastor Resigns After Thirty Years Service.

(By Wire to The Morning Star.)

Worcester, Mass., Oct. 14.—The Rev. Dr. Willard Scott, of Piedmont Church, has resigned his pastorate so that he can devote all his time, it is stated, to golf. The clergyman, who conducted a successful pastorate here for nine years, is quoted as follows:

"The presentation of my resignation was a cool and contented action. I have a whole lot to do outside if I want to do it, but I want to laof and play golf.

"I have worked hard, yes, I have done more work in thirty years than a good many men have done in sixty years. I have collapsed twice under the strain.

"When business interferes with pleasure, drop business.

"That's what I am going to do—drop business and play golf continually."

GOVERNMENT BY INJUNCTION

Union Labor to Sound Candidates in New York.

(By Wire to the Morning Star.)

New York, Oct. 14.—The General Federal Union has received an appeal from President Gompers, of the American Federation of Labor, which has been sent to all the affiliated union, asking them to request all political candidates in the present campaign to commit themselves openly as to government by injunction. Gompers said that the misuse of the power of injunction occurs constantly and is dangerous to the liberty of the people. It is the duty of unions to investigate all candidates for judicial and legislative offices, so that they can be put on record as to how they stand on the question of government by injunction.

THE CONVENTION AT RICHMOND

Bishops of Georgia and Mississippi Deliver Addresses On Negro Question.

ONLY NEGRO BISHOP SPEAKS

He Made Good Impression—Work Among Negroes in South Advancing Rapidly and Will Be Continued—Other Questions.

(By Wire to the Morning Star).

Richmond, Va., Oct. 14.—The most important event that occurred today in the General Convention was the defeat of the so-called archbishop or provinces bill, which has been holding the attention of the House of Bishops and the House of Deputies for the past few days. The House of Bishops passed the measure, and the clergy were overwhelmingly in favor of it. The laity, however, defeated the measure by a non-concurrence. The vote was not taken until half past 10 o'clock tonight, after some sixty or seventy speeches had been made for and against the proposed plan.

At a joint meeting of the bishops and the deputies held in St. Paul's Church this afternoon the Bishop of Mississippi and the Bishop of Georgia spoke on the negro question, both contending that the work among the negroes in the Southern States had advanced rapidly within the last ten years, and both making earnest pleas that the church would continue the work. The Bishop of South Dakota and the assistant bishop of the same State spoke on the work among the Indians in the United States, but the most interesting of all the speeches was made by the Rt. Rev. Samuel Ferguson, Bishop of Cape Palmas, the only negro bishop sitting in either house of the convention. Bishop Ferguson made an excellent impression, and was warmly received by the convention, and especially by the delegates from the Southern States.

The Rev. Dr. Wilkins, of Los Angeles, had passed tonight a resolution forming a commission of ten bishops, fifteen clergymen and twenty laymen to raise a fund of $5,000,000 for the relief of the disabled clergy of the church.

GREAT CATHOLIC GATHERING

First International Congress of Eucharistic Union in U. S.

(By Wire to The Morning Star.)

Pittsburg, Oct. 14.—Dignitaries of the Roman Catholic church from all parts of the world are arriving here tonight to attend the international congress of the Enucharistic League, which convenes tomorrow morning in St. Paul's Cathedral.

The meeting which is the first international one to be held in America, is expected to deal with a number of important matter affecting the church. Archbishop Ryan, of Philadelphia, will celebrate pontificial high mass at the opening of the meeting and Right Rev. Benjamin J. Relly of Savannah, Georgia, will preach the sermon.

TELEGRAPHERS' STRIKE IS ON.

More Unions Refuse to Surrender. Mad With Small.

(By Wire to the Morning Star.)

New York, Oct. 14.—Superintendent Belvidere Brooks, of the Western Union Telegraph Company, said that four of the company's former telegraphers appeared for reinstatement today.

Late today the telegraphers held a meeting at which resolutions were passed calling upon President S. J. Small to resign his office immediately. Several addresses were made and there was considerable discussion over the resolution, a few of the telegraphers declaring that President Small was guilty of nothing more than a tactical error and should not be so severely censured.

Cleveland, O., Oct. 14.—Notwithstanding the formal resolution adopted yesterday at a meeting of the local branch of the telegraphers' union to continue the strike indefinitely, a number of men applied for their old places today and in several instances were reinstated. Among the men who returned to work today were two former officers in the local branch of the union.

Washington, Oct. 14.—The Washington local of the Commercial Telegraphers' Union, at a meeting today, voted unanimously to continue the strike.

Charleston, S. C., Oct. 14.—All of the telegraph operators here have filed a petition for re-instatement The president of the local union formally called the strike off today.

The New York World asks: "Should Mr. Roosevelt have a third term?" Not, if we can persuade the voters of the United States to vote for the right man to be named by the National Democratic convention.
